## SWITCHGEAR CASTELL SAFETY

Jan 25, 2021

[Switchgear Castell Safety](#)

Castell have been delivering safety solutions for switchgear since 1922. Working closely with original equipment manufacturers (OEMs) has enabled Castell to produce interlocks designed specifically for use on the leading manufacturers own breakers, isolators, disconnectors and earth mechanisms.

[FS/Q Switchgear Interlock - Castell Safety](#)

Through development and experience Castell has a number of methods to isolate switchgear or machinery. This can be done mechanically, through control circuitry or through power circuitry. In complex operations a number of isolations may need to occur to ensure that switchgear or machinery is safe to work on.
