"Tokens of Trust" is an erudite gloss on the Apostles' and Nicene Creeds. It's a rich book that demands to be read slowly and meditatively: while the writing is clear, graceful, and heartfelt, it is also dense in theological concepts. The book would be a good resource for any Christian who wants to know more about the fundamental concepts that have structured the church's worldview over the centuries and what their meaning is today.

Tying together the answers to all of these questions and addressing perplexities such as the possibility of miracles and how to read the Bible, Rowan Williams demonstrates that each of the basic tenets of Christian faith flows from one fundamental belief: that God is completely worthy of our trust. With vast knowledge of Christian history and theology and characteristically elegant prose ...

His teaching is prompted by his conviction that there is a crisis of trust in our society. Without trust we cannot fulfill God's agenda for us, to live in peace with each other, free for our foremost activity of offering praise to God. The book's sub-title is 'An Introduction to Christian Belief'. It is based on the church's time honoured statement of belief, the Apostles' Creed. The writer presents his teaching in six chapters, each exploring the implications of one segment of ...

[Tokens of Trust by Rowan Williams - Goodreads](#)

Archbishop Williams writes in Tokens of Trust an introduction to the major beliefs of the Christian faith. I need to be honest in saying that this was one of the hardest, easiest reads for me. It is written in a style and with language that any can read and understand but the thoughts are deep and profound. The chapters in the book are sermons that Williams preached at Canterbury Cathedral ...
